

NuTone®

CT650

**Release wands
from Power Brush
with quick touch
of toe-lever**

CENTRAL CLEANING SYSTEMS

***Dirt Sensing Electric
Power Brush***

State of the art technology saves time, saves energy, and prolongs the life of your carpet!

FEATURES:

- Electronic sensor knows when power brush is picking up dirt; LED displays red. As carpet path is vacuumed and the brush no longer senses the flow of dirt, LED changes to green
- Dual chevron brush roller for efficient dirt pickup
- 4-position height adjustment – Hi, Med, Low, Extra Low – tailors cleaning to all types of carpeting
- Easy-to-release wands allow you to remove wand assembly from power brush without bending – with the press of a convenient toe lever
- Dual edge-cleaning, with protective bumper
- Reliable cog belt design
- Convenient built-in headlamp
- Overload protection reset button
