

NuTone Smart NGD00Z Garage Door Controller Remote Controller Accessory Product Compatibility Information

Note: Works with nearly every garage door opener.

The NGD00Z is compatible with the vast majority of sectional garage door openers manufactured after 1993, however there are a few that have been identified as being incompatible*.

Since 2013 some garage door opener manufacturers have incorporated custom features that utilize a proprietary interface from the wall button to the motor. The NGD00Z does not support these special interfaces.

The following is a listing of those operators that are known to be not compatible with NuTone's NGD00Z controller:

Chamberlain MyQ Models:

- WD962KEV, KPEV & MLEV
- WD832KEV
- HD 930EV & 420EV
- LW500EV
- PD752D & KPV

Genie Series III Models:

- PowerMax 1500
- TriloG 1200 & 1500
- IntelliG 1000 & 1200
