TIMELESS STYLE AND QUIET PERFORMANCE
FOR ANY ROOM IN YOUR HOME OR OFFICE.

NuTone ceiling fans are an elegant addition to any room. With different blade finishes to choose from, you can pick a style to suit your room decor. NuTone fans not only enhance the look of your room, but are also a practical way to improve the comfort of your living environment. During the cold weather months, flip a switch to reverse rotation direction to force warm air down. On hot summer days, the gently rotating blades produce a cool soothing breeze—indoors or out. Plus, NuTone’s attention to detail and full line of accessories ensures that your fan is as effortless to install as it is to operate.

NUTONE HAS THE PERFECT FAN OR FAN-LIGHT COMBINATION FOR YOUR HOME.

What’s your style? NuTone has ceiling fan products that are as functional as they are flexible. Start with one of our classic ceiling hugger or standard fans and pair it up with traditional or contemporary light fixtures designed to cast a uniform, warm glow or target specific room locations.

Reversible, dual finish fan blades give you more options. Whether contemporary or traditional, NuTone’s timeless designs bring it all together and keep any space perfectly comfortable.
When a song is called a “standard,” it’s meant to reflect its timeless reach and classic style. NuTone 52” Standard ceiling fans are no exception. Timeless lines and classic finishes ensure these fans will remain a staple in your home for years to come. And because they’re ENERGY STAR® qualified, you know they are as efficient as they are beautiful.
MULTIPLE MOUNTING OPTIONS

close to ceiling mount

standard mount

4" and 6" downrods are included. Additional lengths sold separately.

CFS52BS
brushed steel finish
5 reversible finish
MDF blades

- light oak
- dark cherry

CFS52RB
oil-rubbed bronze finish
5 reversible finish
MDF blades

- dark cherry
- medium cherry

CFS52WH
white finish
5 reversible finish
MDF blades

- white oak
- polished white
Ideal for low ceiling applications, NuTone Hugger series fans offer the same classic styling as their taller cousins, but require less space. All Hugger housings mount flush with the ceiling and install directly onto an outlet box, positioning blades a mere 7" from the ceiling.

**CFH52BS**
- Brushed steel finish
- 5 reversible finish
- MDF blades
  - Light oak
  - Dark cherry
  - Medium cherry

**CFH52RB**
- Oil-rubbed bronze finish
- 5 reversible finish
- MDF blades
  - Dark cherry
  - Medium cherry

**CFH52WH**
- White finish
- 5 reversible finish
- MDF blades
  - White oak
  - Polished white

Mounts flush to ceiling:
- Height: 7.0" – 7.6"
CFO - OUTDOOR SERIES
CEILING FANS

Sit comfortably on your porch, deck, patio or gazebo and let a relaxing, cool breeze refresh you. NuTone Outdoor fans are WET-Rated. This means you can be assured they will perform as expected even when exposed directly to the elements.

MULTIPLE MOUNTING OPTIONS

ENERGY STAR® qualified products are identified by U.S. Department of Energy and the Environmental Protection Agency as being among the most energy efficient products on the market.
CFC - COMMERCIAL SERIES CEILING FANS

Designed for large, open spaces with high ceilings, NuTone 56" Commercial fans improve comfort year-round. The contoured blades provide maximum air flow compared to standard paddle-type blades.

• Includes three steel contoured blades, all mounting hardware and downrod.
• Maximum effective ceiling height 40’, recommended 12’ from floor.
• Extends 9.5” from ceiling to top of fan blades, 12” from ceiling to bottom of switch housing.
• Direct drive sealed ball bearing motor; 120v, 60Hz.
• 4 speed wall control available (Models 78V or 78W).
Turn your ceiling fan into a brilliant light fixture. NuTone ceiling fans* can be transformed into stunning light fixtures safely and easily. Choose the style that best complements your fan and room decor. Installation instructions are included with each light kit.

**LIGHT KITS**

LK20 SERIES

- **LK20ASRB**
  - Traditional Amber Scavo bowl
  - Oil-rubbed bronze trim and finial
  - EPACT 2005 compliant:
    - 2) 13W medium base CFL bulbs included**

- **LK20FWBS**
  - Traditional Frosted White bowl
  - Brushed steel trim and finial
  - EPACT 2005 compliant:
    - (2) 13W medium base CFL bulbs included**

- **LK20FWWH**
  - Traditional Frosted White bowl
  - White trim and finial
  - EPACT 2005 compliant:
    - (2) 13W medium base CFL bulbs included**

    - (4) 13W medium base CFL bulbs included**

- **TF40GAP**
  - Amber parchment glass shades for turtle fitter (set of 4)

- **TF40GFW**
  - Frosted white glass shades for turtle fitter (set of 4)

- **TF40GCL**
  - Frosted and cut glass shades for turtle fitter (set of 4)

* Commercial Series fans are not compatible with light kits.
** 40W incandescent medium based bulbs may be substituted for CFL. Do not exceed recommended wattage.
FINISHES

Sloped Ceiling Adapters
The sloped ceiling adapter kit can be used for cathedral and sloped ceilings up to 45°. Order extension downrod separately. BS shown. Also available in WH, RB and BR.

CONTROLS

All NuTone residential ceiling fans operate with a pull chain included with each fan. The optional hand-held remote control kit uses a receiver cleverly concealed in the fan and is available for use on all CFS Series fans. Whether you choose chain, wall or remote control operation, comfort is just a touch away.

RCK01 - Optional Remote Control Kit
Features fan on/off; high, medium and low speed; light on/off and dimmer control.
• Use with all CFS Series fans.
• A convenient wall mounted holder is included.
(Note: seasonal changes of forward and reverse cannot be changed with remote)

INSTALLATION

Sloped Ceiling Adapters
The sloped ceiling adapter kit can be used for cathedral and sloped ceilings up to 45°. Order extension downrod separately. BS shown. Also available in WH, RB and BR.

Downrods
For high ceilings, downrods in Series-matching finishes are available in up to five lengths (7/8" outer diameter).
CFS Series - 12", 18", 24", 36" and 48"
CFO Series - 12", 18", 24" and 36"
CFC Series - 24", 36" and 48"
